

OREGON PAINTCARE SITES AS OF 8/29/2018

Below is a list of 170 PaintCare drop-off sites in Oregon.

Paint is accepted during regular business hours. Call ahead for hours and to make sure the store can accept the amount and type of paint you would like to recycle. These sites accept latex and oil-based house paint, stains and varnish in containers up to 5 gallons in size. The sites do not accept aerosols (spray paint or other spray products), containers without original labels, or containers that are leaking or empty. If you have paint that is completely dried out (rock hard) you can put it in your regular trash or take it to a drop off site.

Sites highlighted in blue are household hazardous waste programs that also accept other "non-paintcare products" such as paint thinner and pesticides. These sites have eligibility restrictions for residents and businesses. Please contact the sites for details.
